GLL data for MLA, WP and O-Line

For products that require **Display 2** for optimisation, the GLL files are included with the **Display 2** software installation. This applies to the following products:

- MLA Series
- Wavefront Precision: WPM, WPS, WPC and WPL
- O-Line

To find the GLL files

1. Download and install **Display 2** from the software page of the Martin Audio website:

   https://martin-audio.com/support/software

   The installation EXE file will create the necessary directories and files for the software.

2. Once the installation is complete, you can find the GLL files in the following location:

   ```
   C:\Program Files\Martin Audio\
   Display2_3_4_b1\application\GLLS
   ```
